Introduction

Abdul Wali Khan University Mardan (AWKUM) established in 2009 is a premier institution of higher learning, ranked number one in Pakistan, 124th in Asia, and 157th globally among the young universities as per Times Higher Education (THE) University Rankings 2021. All these accomplishments would not have been possible without the exceptional performance of our talented students, faculty, researchers and motivated staff. AWKUM believes in strong interaction and research collaboration with other higher education institutions of national and international repute.

IMRC-2021 is a collaborative venture of AWKUM with Shaheed Benazir Bhutto Women University, Peshawar and Sarhad University of Science & Information Technology, Peshawar. AWKUM is honored to host the 6th IMRC on global prosperity through research and sustainable development. This conference aims at providing a multidisciplinary platform to the research community on a large scale.

Conference Objectives

- > To provide an effective knowledge-sharing platform for intellectual engagement
- > To promote interdisciplinary research and interaction among various disciplines
- > To provide a forum for discussions on issues related to global prosperity; and
- > To move towards attaining sustainable development goals through research
